

# Triple7 Heavy Duty

## MULTI-PURPOSE DEGREASER AND CLEANER

A powerful, versatile and cost effective degreaser and cleaner. Triple7 Heavy Duty is non-toxic, non-hazardous and non-corrosive. It is safe and effective on virtually any hard surface.

### Heavy Duty performance without dangerous chemicals

Fast and effective cleaning and degreasing without hazardous or toxic chemicals. Triple7 Heavy Duty replaces a wide range of degreasing and cleaning products, without the costs of changing equipment and procedures.

Triple7 Heavy Duty is safe and effective in a wide range of industries from automotive cleaning and degreasing to sensitive marine environments. It is accredited for use in food processing establishments.

- Heavy duty industrial degreaser
- Extremely versatile and cost effective
- Will not damage cleaning surface
- Does not form a permanent suspension
- Improves oil / water separation
- Easy to use, rinses with warm or cold water
- Removes mould and eliminates odours
- Non-hazardous & non-toxic

Safe alternative to toxic products

Non-hazardous

Will not harm marine environments

Safe and effective

Multi-purpose  
Reduces inventory

# Triple7 Heavy Duty

## MULTI-PURPOSE DEGREASER AND CLEANER

### SAFE AND EFFECTIVE

Triple7 Heavy Duty is a highly effective solvent. It quickly and easily removes grease, dirt, mould and odours from a wide variety of hard surfaces.

Triple7 Heavy Duty is a Worksafe and environmentally responsible substitute for toxic and dangerous degreasing and cleaning products.

### HIGH TECH FORMULATION

Triple7 Heavy Duty has a low-foaming, quick break, water-based formulation. It uses the power of colloidal suspension to surround and lift soil, so that it can be effectively removed without harsh and corrosive chemicals. Triple7 Heavy Duty does not damage the cleaning surface.

### VERSATILE AND COST EFFECTIVE

Triple7 Heavy Duty reduces the expenses and risks associated with PPE, engineering controls, hazardous waste disposal, and workplace accidents and illness.

Triple7 Heavy Duty can be used for many different applications. This means fewer products are required. It is highly concentrated making it very cost effective.

### IMPROVES OIL/WATER SEPARATION

Triple7 Heavy Duty traps and lifts grease and soil without forming a permanent emulsion. This improves waste water system performance by increasing system capacity, reducing maintenance costs and enabling water recycling.

### DIRECTIONS FOR USE

Triple7 Heavy Duty can be applied via wiping, misting, steam cleaners, auto scrubbers, ultrasonics, pressure washers or soak-tanks.

Allow to stand for up to 15 minutes, and agitate with a stiff brush if necessary. Rinse off with cold or warm water.

For more detailed usage instructions please consult the Application Guide for this product (available at [envirofluid.com](http://envirofluid.com))

### SAFETY AND SUSTAINABILITY SUMMARY

#### WORKSAFE

Non-toxic, non-hazardous and safe to use in confined spaces. This Worksafe product has no special usage, transport storage or disposal requirements.

#### ENVIRONMENTAL

Triple7 Heavy Duty can be safely disposed of down drains without risk of pollution to waterways. It is 100% bio-degradable and contains no hazardous air pollutants or ozone depleting chemicals.
